Why I am passionate about working at GPS: I always wanted to be a teacher and my journey has lead me to GPS because this was an opportunity to be a literacy leader in a school that was going through a change in teaching and learning. What a privilege to be given an opportunity to share my knowledge and support teachers and students to improve their literacy skills and knowledge. GPS has a wonderful community spirit! I grew up in the hills, I live in the hills and I love working in the hills. The hills community is important to me and I want to give back to a community that has given me the opportunity to be involved in GPS. Finally, I LOVE KIDS!
