Favourite holiday destination: Broome

Favourite style of music: Pop, 80's and country

Favourite song: Lady Marmalade by Christine Aguilera

Hobbies: Cooking, gardening, bushwalking and reading.

Why I am passionate about working at GPS: Gembrook Primary school is such a supportive environment for me to work in as a new team member. I have felt welcomed and included right from the very beginning. I have met some wonderful people who I am happy to now call friends.

I have always loved working with children of all ages. I thrive on new opportunities and responsibilities that enable me to develop my skills and develop meaningful relationships with children and staff. I have empathy and compassion that enables me to understand and support children that are struggling with different situations in their lives. I hope that when I work with children I have a positive impact on their social and emotional wellbeing and also have helped develop their abilities to learn and grow in a respectful environment.
