Hobbies: I love to attend my gym/fitness group. This is good for my physical and mental health as I enjoy the exercising and socialising with the other members. I love to make art and be creative with different mediums. I love to shop at market stores where artist and designers sell their work. Of course, I enjoy spending time with my family and friends, having brunch, laughing and spending quality time together.

Why I am passionate about working at GPS: This is the first and only school I have worked at! I knew when I came here for placement in 2016 this is where I needed to be. I love the community in Gembrook, the students and positive staff members. I love how my voice is heard at this school and I am supported to be the best teacher I can be. I have grown so much as a teacher here and I never want to leave!!
