Why I am passionate about working at GPS:

I am absolutely thrilled to be working at GPS as I get to work with a team that strives to continuously improve their teaching practice to give every child an inclusive and engaging education. I am so lucky to have come into a school that has a real sense of family and connectedness, and one that has given me such a warm welcome. I can't wait for the year ahead getting to know the community and working alongside the team at GPS.
